## TheraTapper Rental/Purchase agreement

A TheraTapper™ provides alternating bilateral stimulation (ABS) and consists of a control box connected to two small (hand-holdable) pulsers by six-foot wires. The pulsers vibrate in an alternating fashion to provide a gentle tactile stimulation which many find soothing and relaxing. The stimulation is comparable to the vibration of a pager or cell phone.

I have been shown how to use the TheraTapper prior to renting/purchasing by a staff member at WomanSafeHealth. I will wipe the equipment with an alcohol pad after each use.

The TheraTapper equipment includes:

- Six-foot long disposable wires
- High/Low pulse intensity switch
- Easy-grip pulsers
- Adjustable pulse rate
- Adjustable pulse length
- Blinking LEDs
- Long-lasting AA batteries
- WomanSafeHealth provides alcohol wipes for one week of use

The cost for use of the TheraTapper is \$30 per week. My credit card will be charged weekly each Friday afternoon if I have not returned the TheraTapper.

If I do not return the TheraTapper within 14 days, my card on file will be billed for the remaining balance of \$110.00 at which point the TheraTapper now belongs to me.

TheraTappers need to be returned in the same condition in which they were rented.

I \_\_\_\_\_ understand the guidelines and pricing for the rental/purchase of the TheraTapper through WomanSafeHealth. I have had all of my questions about pricing and use of the equipment answered by a WomanSafeHealth staff member prior to signing this agreement.

My card ending in \_\_\_\_\_ with an expiration date of \_\_\_\_\_ and CV code of \_\_\_\_\_ will be kept on file for the duration of the rental/purchase period.
